LB 184 A, 733 A,
946, 965

PRESIDENT: The Speaker, Senator Luedtke.

SPEAKER LUEDTKE: Mr. President, when we get on agenda item eight, when we take up 965 we're going to follow with 733 A and I'm going to ask that the agenda be altered to include all the A bills that are on General File to move them across because we cannot act on these bills while waiting until we take care of all the A bills, so all the A bills that are on General File we're going to include under the special order eight. That will be about three more, is that not true? 946 A and 184 A will be brought up again.
